

## **Steps for banking at Wells Fargo**

Girl Scouts, San Diego-Imperial is excited to announce the new partnership with Wells Fargo Bank. Approved by your volunteer board of directors, this partnership will make troop banking easier for everyone who participates—giving you more time to spend with your girls. Free online banking and debit cards are included in the program. And best of all, there are no monthly fees! We encourage all troops to take advantage of these wonderful benefits.

**Here's how to get started.** All troops—including those with existing Wells Fargo accounts—must follow these steps to create an account under the new program:

**Step 1** – Contact the banking specialist for your area. The banking specialist will set an appointment at your nearest Wells Fargo branch for you to open your troop account. Allow a half hour for your appointment. If possible, bring your co-leader and/or troop treasurer with you.

### Contact any of the banking specialists listed

**Step 2** – Go to your scheduled appointment with your local banker. In addition to setting up your troop account, you will also establish and receive instruction on online banking.

Please bring the following items with you:

Driver's license or state-issued identification

Second form of identification (e.g. credit card, passport, military ID)

Money for initial deposit (\$100 suggested; the bank will work with you if that amount is not available)

**Step 3** – Please allow five business days to receive your ATM/debit cards, and 7-10 days to receive your free troop checks.

Feel free to contact your service unit treasurer or volunteer support coordinator with any questions.
